# Outline

1. Critical Parking Area (CPA) Program Overview
2. Steps to establish a CPA
3. How to purchase and manage permits

# What are Critical Parking Areas?

Areas with unique parking restrictions where resident permit holders are exempt from the restriction.

The restrictions address:

- Increased demand for on-street parking
- Lack of off-street parking options
- Vehicle and noise pollution
- Health and safety concerns due to traffic

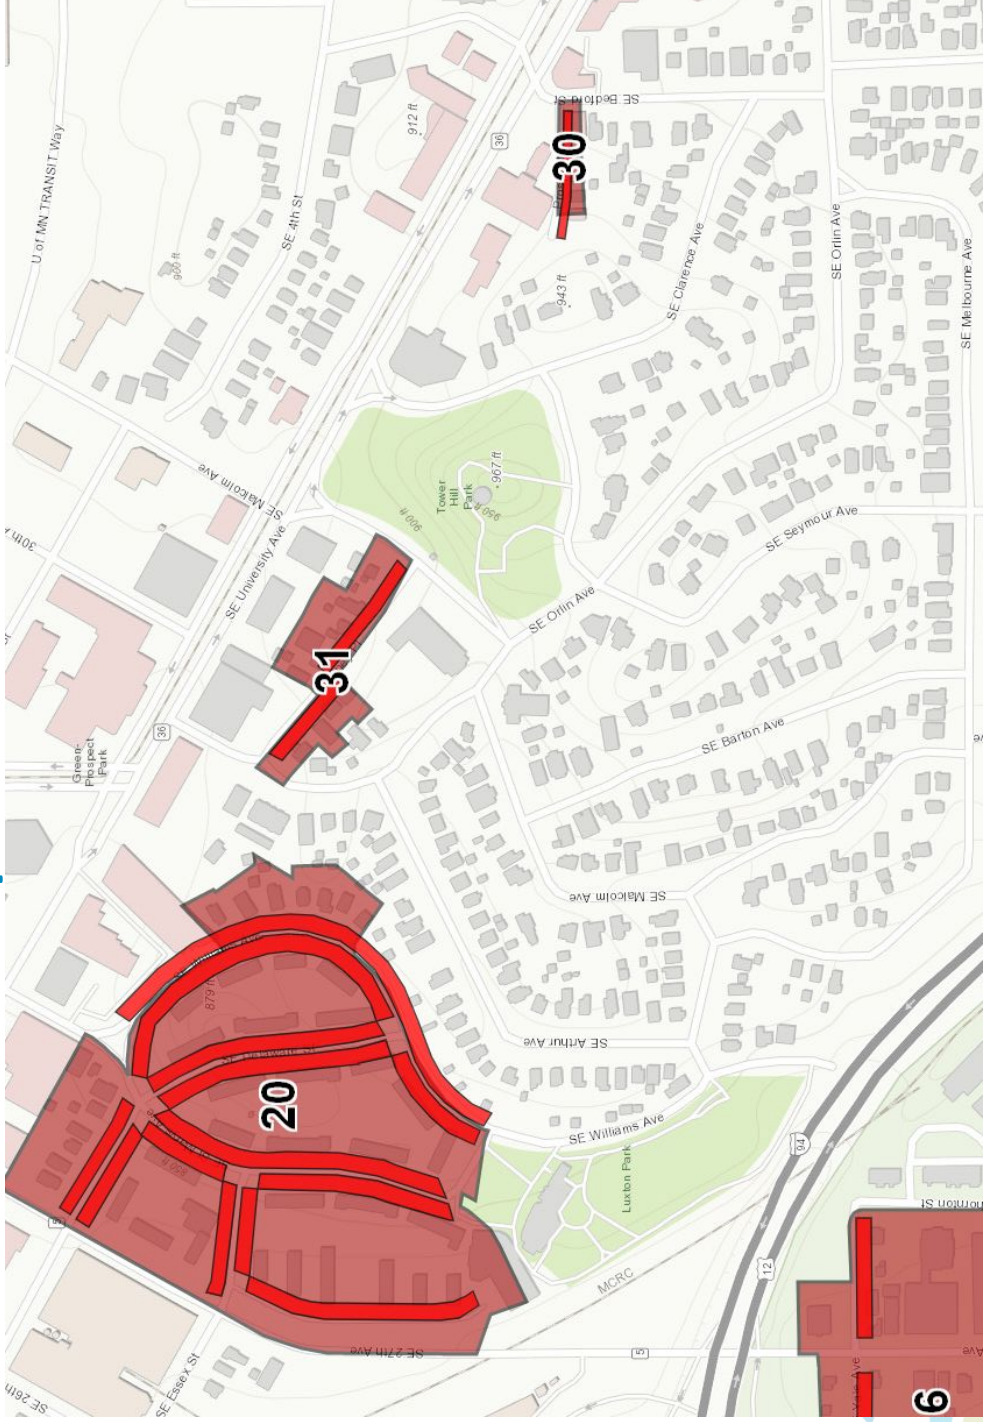

# How does it work?

Example restrictions include:

# Types of Critical Parking Permits

Annual Residential Permit: \$25.00 (limit 2 per resident)

Annual Visitor Permit: \$10.00 (limit 1 per address)

Annual Service Permit: \$10.00 (limit 1 per address)

Temporary Permits: \$2.00 for 1 day, \$5.00 for 2-30 days

# Steps to Establish a CPA

1. Decide on desired restrictions and boundaries
2. Request a petition form
3. Collect signatures (75% of households required)
4. Submit the petition to the City Clerk
5. Public Works conducts a traffic and parking survey then issues a recommendation to council
