Community Announcements

Friends,

As the U of M Twin Cities campus begins its process of updating its Campus Master Plan, feedback from our neighboring communities is requested. Input from this 10-minute survey will shape the future of our campus and its ability to meet the needs of our students, staff, visitors, and other partners.

Please feel free to send this survey to members of your organization to help us gain valuable information about spaces on and around campus that could be improved or

that remain important to you as a neighbor. Follow this link to complete the survey. z.umn.edu/umtc-neighbor

More information about the Twin Cities Campus Master Plan, with additional ways to provide your insight, can be found at: z.umn.edu/campusmasterplan

City offers web resource with trial information

A [new web resource launched that](#) offers information and updates around the upcoming trial of former Minneapolis Police Officer Derek Chauvin, who is charged with murder in the death of George Floyd.

City information and links to partners in the new web section will help residents, businesses and others:

- Find current street closures.
- Sign up for trial updates from MN District Court.

- Report suspicious activity.
- Look up mental health and well-being resources for support during traumatic times.

You can also explore ways to prepare and stay informed, learn about security preparations and updates during the trial, follow impacts to traffic and transportation, and find public data on the officers involved.

The web pages will be updated as new information becomes available and as situations change.
